Sub Total, add columns including basic package:										
Select years : <input type="checkbox"/> 2018 <input type="checkbox"/> 2019										
Total purchase order: Sub Total x Number of years										
* Deliverables depend on the available data, small sized areas may not have enough data available. City needs to provide shape files for areas inside the community. Custom files, file combinations and inclusion of additional local data on maps and spreadsheets is available upon request. Contact Moonshadow Mobile + 01-541-343-4281 or info@moonshadowmobile.com or contact your local DB4IoT distributor for a price quote.
